

TO ALL HOSPICE SIMCOE FAMILY MEMBERS, CLIENTS, RESIDENTS AND OUR COMMUNITY:

March 25th, 2020

The health, safety and well-being of our clients, residents, visitors, volunteers and staff are of the utmost importance to us. Hospice Simcoe is very closely following the emergence and development of COVID-19 pandemic. Hospice Simcoe is here to provide support. We are adapting to this new normal and are finding new and different ways to continue supporting our community.

Our Community Programs are up and running as we move to virtual/online and phone support. We are continuing to provide one-to-one and group bereavement support, working together with our volunteers and clients.

Our Residential Program will remain open with continued precautionary measures. We are restricting visitors to our residence but working hard to support and care for our residents and their families through this journey. Stay in touch with us. We will continue to provide updates about what programs we are offering and how we are moving forward at this time.

We are all in this together and it is important to be here and take care of one another.

I cannot stress enough to please practice hand hygiene, cough etiquette, stay home if ill, follow travel advisories and stay informed. Thank you for your ongoing dedication, understanding and cooperation during these turbulent times.

If you have any questions, please call our residence at 705-722-5995.

Please call us for support: 705-725-1140

Sincerely,

Kelly Hubbard
Executive Director
